A wonderful thing to touch

You may be wondering
on these few days
'So how much does he love me?'
And one time he'll say that
he loves you this much
and other days
you'll think that he only loves you
that much.
It varies from day to day

you may think.

Well know that
regardless
you hold the essence
of his love as you would hold his hand
and that
the measure of it
is only relative.
No matter how big
or how small
it is or was or will be
a wonderful thing
to touch.
